Non-Country Members
(regional economic integration
orgs and RFMOs only)
European Union
CCAMLR
CCSBT

Role of the Network

Primary focus on MCS practitioners:

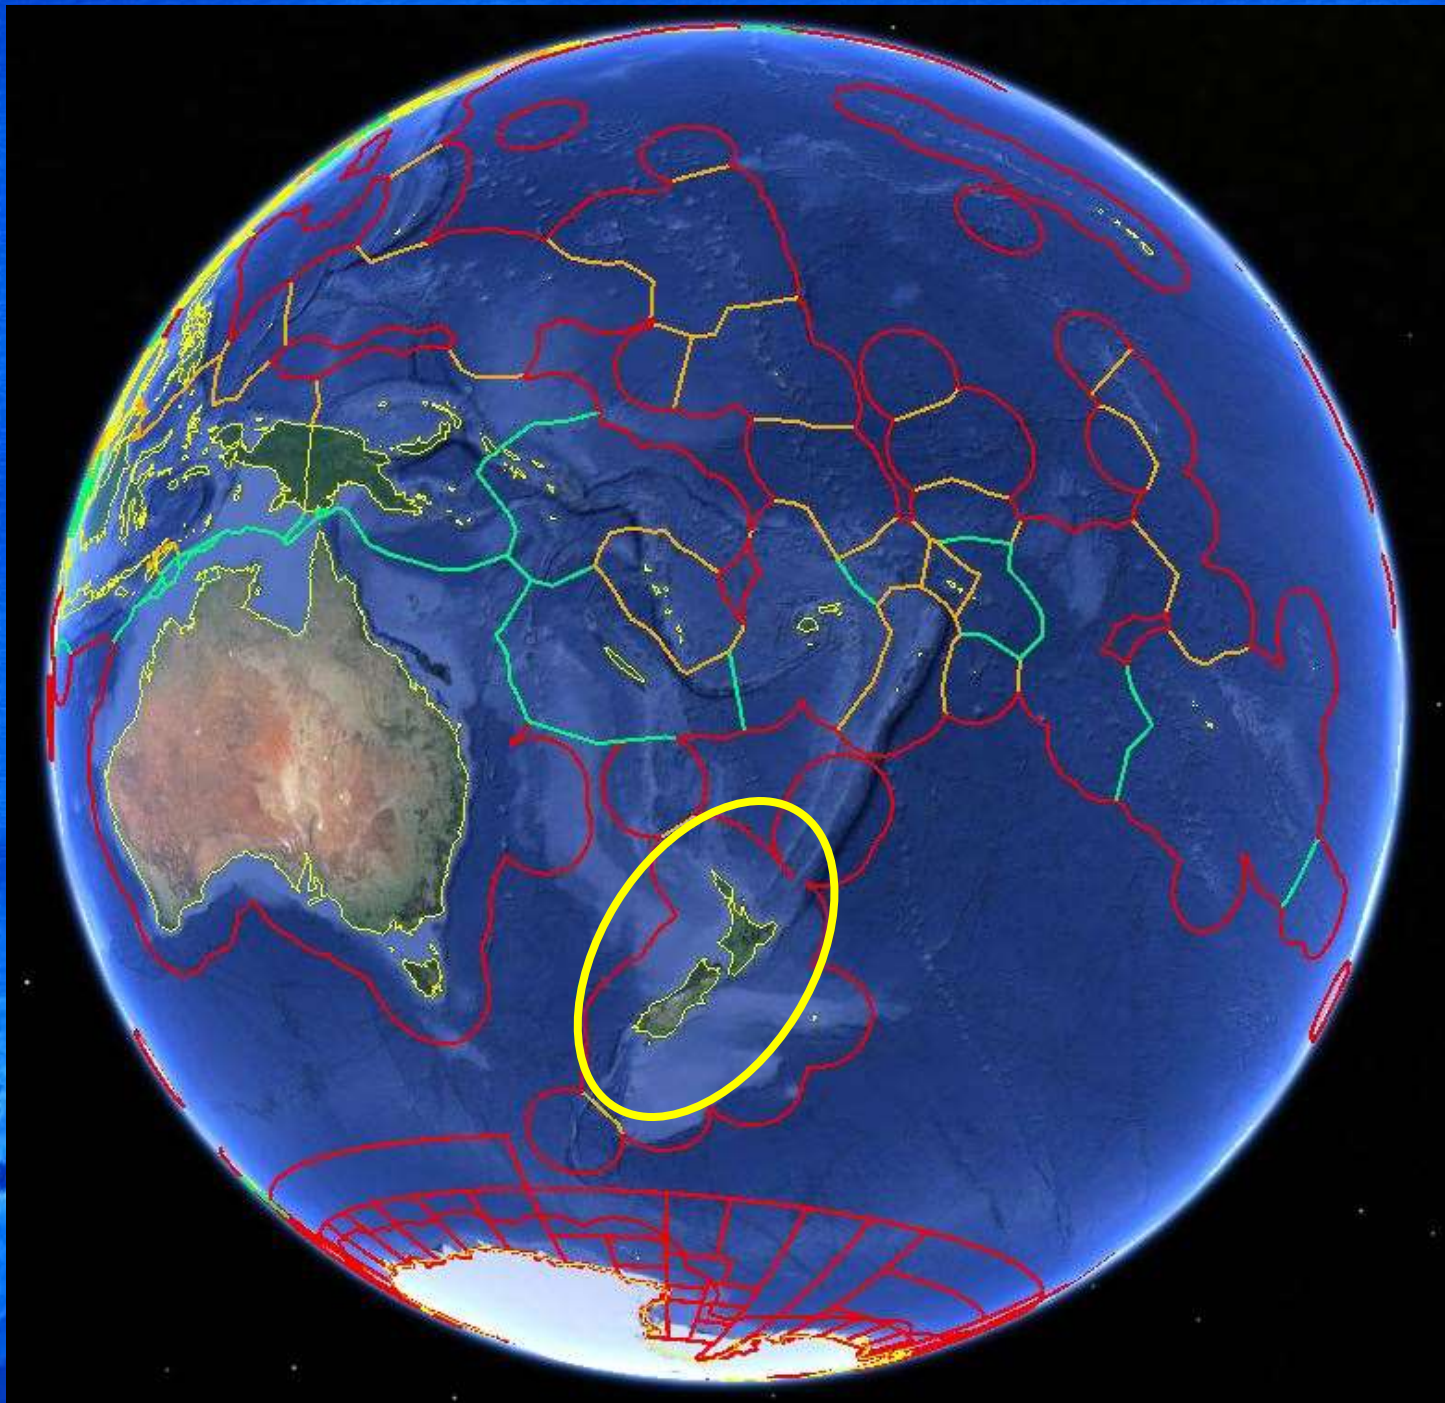

- To exchange information
- To raise awareness
- To strengthen capacity

Ministry for Primary Industries
Manatū Ahu Matua

5th Global Fisheries Enforcement Training Workshop

'No place to hide'

7 – 11 March, 2016

Auckland, New Zealand

**'Working together to combat IUU fishing to ensure the
sustainability of world fish stocks'**

www.gfetw.org

Workshops

- Case studies of International and Regional cooperation in the field of MCS and fisheries enforcement
- Tackling Transnational IUU fishing
- MCS Partnerships, sponsorship and technical assistance, including government–nongovernment arrangements
- Successful cost-effective MCS tools
- New MCS technologies and methodologies
- Fisheries enforcement and MCS capability and capacity building activities
- Case studies of the Utilisation of MCS Tools in Indigenous Fishing Communities and Archipelago Nations
- Development of an MCS IUU Risk Framework
- Future risks, opportunities and technologies

Stop IUU Fishing Award

The 2nd Stop IUU Fishing Award contest will recognize fisheries monitoring, control and surveillance (MCS) innovations being used in both small and large-scale fisheries that demonstrate creativity, success, and tangible solutions.

These can be high tech, low tech or based on local or traditional knowledge.
